

HAVE YOU LOST A DOG?

.....

HERE ARE SOME STEPS YOU CAN TAKE:

- 1** Immediately call your town's animal control officer and the animal control officer in adjoining towns.
- 2** Go to CTHumane.org/lostandfound to post a lost pet on our website. You can also visit our Facebook page and post a lost pet there.
- 3** Contact local veterinarians in your town and give them your contact information. Sometimes when people find wandering dogs they will bring them to the closest veterinary hospital.
- 4** Dogs often follow their normal walking routes. They are more likely to run on a cleared path than through a wooded area. Use these guidelines to help decide where best to look.
- 5** Make posters large and colorful. Post them at each intersection in the area where the dog is lost.
- 6** If you see your dog, do not chase them, as they may be disoriented from being lost. Sit down and call the dog softly to you. You might also consider opening a car door if your dog likes car rides.
- 7** Bring treats with you when you search.
- 8** Consider hiring a missing animal recovery/response team.
