## How To Make a Cardboard Cat Scratcher

### Supplies:

Shoe box lids

Cardboard

Measuring tape

Non-toxic glue

Box cutter or scissors

### Instructions:

1. Ask your family, friends, neighbors and classmates to donate shoe box lids and cardboard.
2. Place your lid with the flat side facing down and measure the height and width of the opening.
3. Mark your cardboard according to your measurements.
4. Cut cardboard to fit inside the opening with the perforated edge of the cardboard facing up.
5. Use non-toxic glue to glue the cardboard pieces together.
6. Set the glued cardboard pieces inside the box.
