# Independent Auditor's Report

To the Board of Directors Connecticut Humane Society

We have audited the accompanying financial statements of Connecticut Humane Society, which comprise the statement of financial position as of December 31, 2020, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Connecticut Humane Society as of December 31, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

Report on Summarized Comparative Information

We have previously audited Connecticut Humane Society's 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated May 20, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2019 is consistent, in all material respects, with the audited financial statements from which it has been derived.

## Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

## Note 1 - Summary of significant accounting policies

## Nature of business

The Connecticut Humane Society (the "Society") is one of Connecticut's oldest privately funded nonprofit organizations. The Society is the leading resource in the state for companion animal welfare, enriching the lives of families and communities through adoption services, medical care, education and prevention of cruelty. Founded in 1881 to promote humanity and kindness and to prevent cruelty to people and animals, for 84 years the Society was the only statewide organization offering protection to children until a state agency was established. From that point forward, the Society devoted its efforts exclusively to animals.

The Society operates three shelters where animals may be surrendered and adopted, and a reduced fee, full-service animal clinic ("Fox Memorial Clinic"). Additional public services include vaccine clinics, spay/neuter services, humane education, dog obedience classes, a Pet Food Pantry, and assistance to law enforcement in cruelty investigations. The Society generates income from adoption and surrender fees, clinic fees, donations, program fees, trust income, income from funds functioning as endowment and grants. The Society also has an extensive volunteer program.

### Basis of accounting and presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, the accounts of the Society are reported in the following net asset categories:

### Without donor restrictions

Net assets representing available resources other than donor-restricted contributions. These resources may be expended at the discretion of the Board of Directors. Undesignated net assets represent the portion of expendable funds that is available for support of operations. Designated net assets represent reserves or special designations established by the Board of Directors. The Board of Directors has established the following designations: funds functioning as endowment and the Society's investment in property and equipment.

### With donor restrictions

Net assets representing resources with restrictions imposed by the donor. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity and any income earned thereon may be expended. These perpetually restricted net assets include the Society's proportionate share of the principal amount of the irrevocable trusts with outside trustees for which the Society is an income beneficiary.

## Measure of operations

The statements of activities present revenue from operations separately from nonoperating activities. For purposes of the statements of activities, operations are defined as revenue and expenses from animal rescue, protection and adoption, veterinary clinic, community outreach, humane education, administration and fundraising. All other revenue and expenses (primarily investment results) are classified as nonoperating activities. The basis of presentation reflects the Society's management operating philosophy.

#### Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

### Contributions

Transactions where the resource provider often receives value indirectly by providing a societal benefit, although the societal benefit is not considered to be of commensurate value, are deemed to be contributions. Contributions are classified as either conditional or unconditional. A conditional contribution is a transaction where the Society has to overcome a barrier or hurdle to be entitled to the resource and the resource provider is released from the obligation to fund or has the right of return of any advanced funding if the Society fails to overcome the barrier. The Society recognizes the contribution revenue upon overcoming the barrier or hurdle. Any funding received prior to overcoming the barrier is recognized as refundable advance.

Conditional and unconditional contributions are recognized as revenue and receivable when the commitment to contribute is received.

Unconditional contributions are recorded as either with donor restrictions or without donor restrictions. Contributions are recognized as contributions with donor restrictions if they are received with donor stipulations that limit the use of the donated asset. Contributions received with no donor stipulations are recorded as contributions without donor restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restriction. Donor-restricted contributions whose restrictions expire during the same fiscal year are recognized as contributions.

Contributed services are recognized in the financial statements if they enhance nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. General volunteer services do not meet these criteria for recognition. However, many volunteers have donated significant amounts of time, estimated at approximately 46,343 (unaudited) hours in 2020, in supporting the Society's mission.

### Program revenue

Revenue is recognized when control of the promised service is transferred (at a point in time, i.e., when an adoption occurs or a veterinarian service is provided) to the Society's customers, in an amount that depicts the consideration the Society expects to be entitled to in exchange for those services. Revenue is not recognized unless collectability under the contract is considered probable, the contract has commercial substance and the contract has been approved. Additionally, the contract must contain payment terms, as well as the rights and commitments of both parties.

### Cash and cash equivalents

Cash and cash equivalents include all cash balances and highly-liquid short-term instruments with original maturities of three months or less. There were no cash equivalents at December 31, 2020 or 2019. The Society maintains its cash and cash equivalents with high-credit quality financial institutions. At December 31, 2020, the cash balances exceeded federally insured limits by approximately \$3,100,000. Management believes that the Society's deposits are not subject to significant credit risk.

### Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

#### Contributions receivable

Contributions receivable represent unconditional promises to give that are recognized in the period in which the promise is recorded. Contributions receivable that are expected to be collected in less than one year are reported at net realizable value. Contributions that are expected to be collected in more than one year are discounted at an appropriate rate commensurate with the risk involved. Amortization of the discount is recorded as additional contribution revenue in accordance with the donor-imposed restrictions, if any, on the contributions. On a periodic basis, the Society evaluates its contributions receivable and establishes an allowance for doubtful accounts, when deemed necessary, based on its history of past write-offs, collections and current credit conditions.

#### Investments

Investments are reported at fair value (see Note 6). Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis, net of investment expenses. Dividends are recorded on the ex-dividend date. Net realized and unrealized gains (losses) on investments include the Society's gains and losses on investments bought and sold as well as held during the year. These amounts are reported in the statements of activities as increases or decreases in net assets as appropriate based on any donor stipulations or law.

#### **Property and equipment**

Property and equipment are stated at cost or, if donated, at their approximate fair value on the date of donation, net of accumulated depreciation. The Society capitalizes all such acquisitions in excess of \$5,000. Depreciation is provided for using the straight-line method over the estimated useful lives of the assets, which are generally as follows:

Buildings and improvements	15 - 40 years
Equipment	3 - 5 years
Furniture and fixtures	10 years

Expenditures for repairs and maintenance are charged to expense as incurred. For assets sold or otherwise disposed of, the cost and accumulated depreciation are removed from the accounts, and any resulting gain or loss is reflected in the change in net assets for the period.

#### Investments held in trust by others

The Society retains beneficial interests in various trusts established by donors and held by unrelated trustees. Under these arrangements, the Society receives investment income from the trusts in perpetuity but does not have access to the principal. The beneficial interests are carried at the fair value of the assets in the trust. Changes in the carrying amount of the beneficial interests are recognized as increases or decreases in net assets with donor restrictions.

### **Functional allocation of expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of functional expenses. The Society applies various methods to allocate costs among the programs and support functions, the most significant of which is by the amount of time and effort by employees or square footage on building space utilized.

#### Advertising costs

The Society expenses the cost of advertising as incurred. Advertising costs charged to operations during the years ended December 31, 2020 and 2019 were \$164,729 and \$181,233, respectively.

#### Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

#### Income tax status

The Society is exempt from federal and state corporate income taxes as a public charity under Section 501(c)(3) of the Internal Revenue Code.

The Society had no uncertain tax positions at December 31, 2020 or 2019. The Society's federal information returns prior to fiscal year 2017 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings. If the Society had unrelated business income taxes, it would recognize interest and penalties associated with any tax matters as part of the income tax provision and include accrued interest and penalties with the related tax liability in the statements of financial position.

#### Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

### Newly adopted accounting standard

The Society adopted Accounting Standards Update 2018-13 (ASU 2018-13), Fair Value Measurement (Topic 820). This accounting standard changes the disclosure requirements for fair value measurement. The Society adopted the provisions of ASU 2018-13 on January 1, 2020. There is no effect on net assets in connection with the implementation of ASU 2018-13.

#### Subsequent events

In preparing these financial statements, management has evaluated subsequent events through June 15, 2021, which represents the date the financial statements were available to be issued. See Note 14 - Subsequent events.

## Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

### Note 2 - Liquidity and availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following as of December 31, 2020 and 2019:

	 2020	 2019
Total assets, end of year Less nonfinancial assets	\$ 102,532,025	\$ 97,565,125
Prepaid expenses and other current assets Property and equipment, net	(159,685) (5,777,573)	(149,475) (5,837,730)
Investments held in trust by others	 (18,154,326)	 (16,431,790)
Financial assets, end of year	78,440,441	75,146,130
Less those unavailable for general expenditure within one year due to		
Contractual or donor-imposed restrictions Restricted by donors for capital campaign purposes	(2,792,306)	(2,329,281)
Board-designated endowments	(71,744,817)	(69,144,924)
Expected to be available for general expenditure within one year		
Pay-out on board-designated endowment for use over next 12 months	3,239,458	3,159,846
Financial assets available for general expenditure		
within one year	\$ 7,142,776	\$ 6,831,771

The Society regularly monitors liquidity required to meet its operating needs while also striving to maximize the investment of its available funds. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Society considers all expenditures related to its ongoing mission-related activities as well as services undertaken to support these activities to be operating expenditures.

The Society's governing board has designated approximately \$71,700,000 of its net assets without donor restrictions to function as an endowment and for other purposes. Those amounts are identified as board-designated in the table above. These funds are invested for long-term appreciation and current income, but remain available and may be spent at the discretion of the Board of Directors.

### Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

## Note 3 - 501(c) Agencies Trust

The Society is self-insured for unemployment claims through 501(c) Agencies Trust. Contributions to 501(c) Agencies Trust are accumulated and used to pay future claims. The Society could be required to make additional payments if claims exceed the accumulated contributions. As of December 31, 2020 and 2019, the Society's account held by the trust was \$118,130 and \$89,558, respectively. These amounts are included in cash on the statements of financial position and there was no estimated claim liability as of December 31, 2020 and 2019. Per the contract with 501(c) Agencies Trust, the Society has the ability to withdraw funds if accumulated contributions exceed the estimated liability.

#### Note 4 - Contributions receivable

Unconditional promises to give as of December 31, 2020 and 2019 are due to be collected as follows:

	,	2020	2019			
Receivables due in less than 1 year Receivables due in 1-5 years	\$	448,753 204,359	\$	321,805 370,517		
Less discount to present value (5.5%)		653,112 (20,193)		692,322 (40,725)		
	\$	632,919	\$	651,597		

There is no allowance for doubtful accounts as of December 31, 2020 and 2019.

## Note 5 - Investments

The following is a schedule of the fair values and composition of investments at December 31, 2020 and 2019:

	2020					2019				
			9	6 of				% of		
		Fair value	Total			Fair value		Total		
Domestic equities	\$	30,528,378		42%	\$	30,496,234		43%		
Mutual funds		19,577,289		26%		15,691,025		22%		
International developed equities		2,444,891		3%		1,886,329		3%		
U.S. Government bonds		9,294,977		13%		12,045,137		17%		
Corporate bonds		9,016,449		12%		8,424,237		12%		
Municipal bonds		286,187		0%		181,235		0%		
Money market funds		3,058,753		4%		2,201,279		3%		
	\$	74,206,924	1	00%	\$	70,925,476		100%		

The Society has established a separate investment account into which collections related to its capital campaign are deposited. The balance in this account at December 31, 2020 and 2019 was \$2,451,873 and \$1,778,295, respectively.

## Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

### Note 6 - Fair value measurements

The Society values its financial assets based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy prioritizes observable and unobservable inputs which are used to measure fair value into three broad levels, which are described below:

- Level 1 Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.
- Level 3 Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Society utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value. The fair value hierarchy does not attempt to measure the quality of the investments.

# Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

Financial assets measured at fair value at December 31, 2020 and 2019 have been categorized in the tables below based upon the fair value hierarchy described above:

	Fa	air value	 Level 1	 Level 2		Level 3
December 31, 2020

### Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

Investments in domestic equities and international developed equities assets are valued at the closing price reported in the active market in which the individual securities are traded (Level 1). Mutual funds and money market funds held by the Society are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and transact at that price. The mutual funds and money market funds are deemed to be actively traded (Level 1).

Corporate bonds are valued at the closing price reported in the active market in which the individual securities are traded (Level 1). U.S. Government and municipal bonds are valued based on yields currently available on comparable securities of issuers with similar durations and credit ratings (Level 2).

Assets generally measured at fair value using inputs categorized in Level 3 of the fair value hierarchy include assets held in trust by others (the "Trusts"). Beneficial interests in various trusts established by donors and held by unrelated trustees are valued at the fair value of the underlying investments in the trusts.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Society believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

### Note 7 - Property and equipment

Property and equipment at December 31, 2020 and 2019 were as follows:

	2020	2019
Land Buildings and improvements Equipment Furniture and fixtures	\$ 110,380 10,051,897 1,213,741 139,725	\$ 110,380 9,856,340 1,099,860 139,725
Less accumulated depreciation	11,515,743 5,738,170 \$ 5,777,573	11,206,305 5,368,575 \$ 5,837,730

Depreciation expense for the years ended December 31, 2020 and 2019 was \$369,596 and \$385,161, respectively.

## Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

#### Note 8 - Net assets with donor restrictions

Net assets restricted by time or purpose consist of the following as of December 31, 2020 and 2019:

	 2020		2019
Together forever capital campaign Restricted for program services Capital projects	\$ 2,724,307 57,500 10,499	\$	2,284,365 13,167 31,749
Net assets with donor restrictions, time or purpose	\$ 2,792,306	\$	2,329,281

Net assets with perpetual restrictions consist of the principal portion of the Society's investments held in trust by others. The distributions from the investments held in trust by others are classified as net assets without donor restrictions. Net assets with donor restrictions, perpetual consist of the following as of December 31, 2020 and 2019:

	 2020	 2019
Investments held in trust by others	\$ 18,154,326	\$ 16,431,790
Net assets with donor restrictions, perpetual	\$ 18,154,326	\$ 16,431,790

Net assets that were released from donor restrictions by incurring expenses satisfying the restricted purpose, or from the expiration of time restrictions, were as follows:

	 2020	 2019
Program services Capital projects	\$ 51,667 34,502	\$ 136,313 30,529
	\$ 86,169	\$ 166,842

## Note 9 - Endowment

The Society's endowment includes funds designated by the Board of Directors to function as endowments. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

### Interpretation of relevant law

The Board of Directors of the Society has interpreted the Connecticut Uniform Prudent Management of Institutional Funds Act ("CTUPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Society classifies as net assets with perpetual donor restrictions (a) the original value of gifts donated to the permanent endowment,

## Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

(b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified as net assets with perpetual donor restrictions is classified as net assets with time or purpose donor restrictions until those amounts are appropriated for expenditure by the Society in a manner consistent with the standard of prudence prescribed by CTUPMIFA. In accordance with CTUPMIFA, the Society considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1. The duration and preservation of the various funds
- 2. The purposes of the Society and the donor-restricted endowment fund
- 3. General economic conditions
- 4. The possible effect of inflation and deflation
- 5. The expected total return from income and the appreciation of investments
- 6. Other resources of the Society
- 7. The investment policies of the Society

Changes in endowment net assets for the years ended December 31, 2020 and 2019, are as follows:

	Without donor restrictions		
Endowment net assets, January 1, 2019	\$	60,273,774	
Investment return, net		11,923,436	
Appropriation for expenditure		(3,052,286)	
Endowment net assets, December 31, 2019		69,144,924	
Investment return, net		5,759,739	
Appropriation for expenditure		(3,159,846)	
Endowment net assets, December 31, 2020	\$	71,744,817	

### Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

### **Return objectives and risk parameters**

The Society has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to maintain the inflation-adjusted value of the current asset base while recognizing the objective of real growth in principal within reasonable and prudent levels of risk.

## Strategies employed for achieving objectives

To satisfy its long-term rate-of-return objectives, the Society relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Society targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

### Spending policy and how the investment objectives relate to spending policy

The Society has a policy of appropriating for distribution an amount not to exceed 5.0% for the years ended December 31, 2020 and 2019, of its endowment fund's average fair value over the prior 12 calendar quarters. In addition, with the approval of the Board of Directors, the Society may spend in excess of such 5.0% for operating expenses and/or capital projects. This is consistent with the Society's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

### Note 10 - Retirement plan

The Society has established a 401(k) retirement plan that covers all eligible employees. Participants can elect to have their compensation reduced, and the Society matches up to 6% of the participant's contributions based on years of service. Additionally, the plan provides for a discretionary employer contribution. For the years ended December 31, 2020 and 2019, the discretionary employer contribution was 5% of eligible compensation. The Society's expense for the years ended December 31, 2020 and 2019 was \$325,876 and \$291,111, respectively.

The Society established a 403(b) plan in December 2013, whereby employees meeting certain requirements may participate in the plan. Participants can elect to have their compensation reduced, and the Society matches up to 6% of the participant's contributions based on years of service. Additionally, the plan provides for a discretionary employer contribution. These matching contributions are subject to certain Internal Revenue Service limitations. For the years ended December 31, 2020 and 2019, the discretionary employer contribution was 5% of eligible compensation. The Society's matching contribution expense for the years ended December 31, 2020 and 2019 was \$21,323 and \$23,174, respectively.

### Notes to Financial Statements December 31, 2020 (With Comparative Totals for December 31, 2019)

#### Note 11 - Concentrations

#### Market risk

The Society invests in various debt and equity securities. These investments are recorded at fair value. Accordingly, the investment securities can fluctuate because of interest rates, reinvestment, credit, market and other risks depending on the nature of the specific investment. Therefore, it is at least reasonably possible that these factors will result in changes in the value of the Society's investments, which could materially affect amounts reported in the financial statements.

#### Note 12 - Paycheck Protection Program

On April 18, 2020, the Society was granted a \$900,000 loan under the Paycheck Protection Program ("PPP") administered by the U.S. Small Business Administration (the "SBA") approved partner. The Society was eligible for loan forgiveness of up to 100% of the loan, upon meeting certain requirements. On November 25, 2020, the Society received full forgiveness of the loan by the SBA.

#### Note 13 - Commitments and contingencies

#### COVID-19

In early 2020, an outbreak of a novel strain of coronavirus that causes COVID-19 emerged globally. As a result, events have occurred, including mandates from federal, state and local authorities leading to significant declines in customer visits and closures of businesses, including certain of the Society's locations. The Society's Waterford and Westport locations temporarily closed from March through July 2020. The main office in Newington was closed for adoptions and only accepting emergency pet intakes. The Fox Clinic in Newington remained open for urgent medical issues by appointment only. The significant reduction in customer visits to, and spending at, the Society's locations caused by these closures have resulted in a loss of revenue and other material adverse effects to the Society's financial position, results of operations, and cash flows. The Society is not able to estimate the length or severity of this outbreak and the related financial impact at this time.

### Note 14 - Subsequent events

### Second Draw Paycheck Protection Program Ioan

On February 19, 2021, the Society received a loan for \$950,000 from Webster Bank pursuant to the Second Draw Payroll Protection Program, which was established under the CARES Act and is administered by the SBA. The PPP Second Draw loan term has a five-year maturity and bears interest at 1%. However, per the loan agreement, the loan will be forgiven if the funds are used to cover payroll and utility costs, which the Society fully anticipates.

#### Wilton location

In 2020, the Society entered into an agreement to purchase property in Wilton, Connecticut to serve as their new location in Fairfield County. The purchase price of the property is \$1,300,000. The purchase is currently pending planning and zoning approval.
